

Samsung Smart School Citizenship Program e-learning Tips (January, 2015)

Useful Tips submitted from schools (In alphabetical order):

1. **CCC Hoh Fuk Tong College**- 使用 MDM 應用程式, 可以一次過下載所有平板電腦的應用程式, 毋須花費大量時間逐部下載。
2. **CCC Yen Ching College** - 最近替通識科搜集教學資源時, 發現香港教育城 TV News 的功能十分合用。TV News 內收藏近期新聞片段, 老師可以利用關鍵字搜尋相關新聞, 而且還有提供影片中的字幕文字檔, 適合通識科老師製作時事工作紙。
3. **Choi Wan St. Joseph's Primary School**- 要推廣平板電腦的使用, 建議可以與校內的科程發展主任合作, 在專題研習日中進行一些簡單的小遊戲, 例如: QR code 校園遊蹤, 各級學生都可以有接觸平板電腦的機會, 同時, 教師亦不需大量的前期準備功夫。
4. **Christ College** - 學生於放學後留在物理實驗室, 溫習物理科的題目及完成試題操練! 由於學校已將試題解釋拍片, 因此學生可以透過觀看片段而自行溫習, 亦即坊間所謂的『flipped classroom』。
5. **Christian Alliance SW Chan Memorial College** - You can use the combination buttons, power button and the volume button to capture your screen and place it into the photo album if you want to save the pictures or work in the apps since the output to album function is missing in most of the apps in Android 4.4.
6. **Confucian Tai Shing Primary School**- 透過課堂上的觀察, 學生對使用平板電腦學習有極大興趣, 不同變換答題模式亦能使他們保持學習動機, 各人亦可按照個人學習進度決定答題數量; 唯始終受限於答題模式選擇不多, 提問多測試學生的認知及應用。另一方面, 為防網絡在課堂上出現問題, 教師需額外準備後備教具及教材以作備用。
7. **ELCHK Kwai Shing Lutheran Primary School**- In order to make the learning more effective and interesting, tablet devices would be used as the medium of writing. First, students wrote a draft

in groups on the tablets. When they came across some difficulties, such as the spelling of words, meaning of words or synonyms, they used the online dictionary to help themselves. After finishing their drafts, teachers discussed with the students to provide immediate feedback. Previously, teachers usually showed students' work using a projector. However, the quality was not good. Students were hardly able to see the words, defeating the purpose of the exercise. Now, with the help of the tablets, each student could see their peer's work clearly. After each of them finished their writing, they posted their work on a blog. Each student read their peer's work and provided comments. This makes the task more authentic and with a real purpose and outcomes.

8. **Ping Shek Catholic Primary School**- 在平板電腦安裝超市購物 Apps，可幾方便數學科同事，提供真實的情境和數據，將數學活動連繫生活動，提升學生對數學的興趣。另外，在平板電腦安裝新聞 Apps 則可方便常科同事引導學生接觸時事。
9. **Sheng Kung Hui Tsoi Kung Po Secondary School** - A photo taking competition is held during a morel education activities. This is promote good behavior among students, as well as rising class spirits. Photos are taken by the tablets and submitted through the Samsung Smart School platform.
10. **Shun Lee Catholic Secondary School**- Besides Samsung School Solution, another Samsung tablet built-in app "S Note" is also an amazing app for learning and teaching. We have used this app on a Primary 6 experience day and the feedback was great. Even a "beginner" can master its function to write and share their poem to the others.
11. **SKH Li FookHing Secondary School**- 本校仍透過平板電腦替學生進行試前溫習的課堂活動，雖然是高中學生，但仍見學生樂意使用平板電腦，配合 S-PEN 作選取答案，並利用筆的功能回答電腦網絡接駁題目。本校仍透過平板電腦替學生進行試前溫習的課堂活動，雖然是高中學生，但仍見學生樂意使用平板電腦，配合 S-PEN 作選取答案，並利用筆的功能回答電腦網絡接駁題目。
12. **Tai Kok Tsui Catholic Primary School** - 在常識課以小組模式進行心智圖，學生以腦震蕩方式表達意見，極之有成效。可是在「白板」中任意繪畫，或許會見凌亂。若課前以文書軟件為學生規劃「主題」及「副題」，繼而把畫面截圖，運用三星平板的 content sharing，把課件送到學生手中平板，學生便可輕鬆在圖上繪畫書寫，有規劃而沒有束縛地建構知識。
13. **Tsuen Wan Public Ho Chuen Yiu Memorial Primary School**- 為了解學生在課堂學習後，識字量有否提升，故以一人一機的形式，進行了「前測」及「後測」。是次活動先讓學生先完

成四題題目，並不顯示正確答案。學生完成後，讓學生看看統計的數據。經過老師教學後，提示學生要推測字義，可從部首、部件及詞語著手。待學生有初步認識後，再請學生完成「後測」，是次會出示答案，讓學生即時知道自己能否掌握課堂知識。

- 14. TWGHS Tang Shiu Kin Primary School-** 要在學校推動電子學習，得到老師的認同十分重要。本校開始初期，由願意嘗試電子學習的老師成立電子學習發展組試行，互相分享討論，共同探索電子學習之路向。再通過持續不同形式校內的培訓及老師教學經驗分享，讓全體老師更實際理解及應用電子學習平台的功能，以便在使用時更得心應手，電子學習慢慢推展至全校老師在課堂實踐。
- 15. TWS St Bonaventure Catholic Primary School -** 利用 School Solution 製作測驗題，不用預先上載題目，使用上十分容易，又方便快捷。而題目除了可以是選擇題外，亦可以是填充題。而選擇題更可以有 multiple 答案，使測驗題目更靈活多變。學生完成題目後，系統又可以自動統計答對率，讓教師能即時了解學生的學習情況，以便能因應學生的能力，調整教學進度，對教學很有幫助。

Stay tuned for more e-learning tips from February!
